

SKIMMER A400

NEW!

New ! For added flexibility, this best-seller is available in several packages to adapt to your needs and those of your customers.

HOW TO CHOOSE THE A400 SKIMMER DESIGN?

3 VERSIONS OF SKIMMER ACCORDING TO STRUCTURE

- Concrete (only in white)
- Concrete/shell/concrete-liner
- Liner panel

All our skimmers are made of UV-treated ABS.

2 FORMULAS FOR CHOOSING SKIMMER COLOURS :

WITH CLIP-ON COLOURED OVERLAY

Quickly transform your white skimmer into a colour skimmer with a simple clip.

NEW!

OR

COLOURED SKIMMER

- The colour is directly dyed in the mass
- Available for concrete/shell/concrete-liner and panel liner versions

- Gain storage space and flexibility in choosing colours
- Ideal for renovation in the event of a change in the colour of the covering, without breaking the existing installation
